Extended Range Wireless Repeater

Part No. FS-REPEATER-XR

Key Customer Benefits:

- High Quality Connectivity Assurance
- High-Speed Internet Connection
- Simplified Installation
- Small Footprint
- Affordable Solution
- No Extra Hardware to Install
- Boosts Wireless Signal
- 24/7 Email Customer Support
- Monday thru Friday, 9 - 5 PST Live Support
- 3 Year Warranty

Extended Range Wireless Repeater
Part No. FS-Repeater-XR

Overview

The Fountain Extended Range Wireless Repeater has a wireless signal that reaches twice as far as the FS-REPEATER. It bridges long distances or dead spots in a property's wireless network. Fountain's network monitoring software included in Fountain's Site Manager Subscription Service will identify any connectivity issues. The Repeater can then be installed in locations where poor signal quality is detected. While most sites will not require repeaters, they are available to assure reliable communications boost strength and signal when needed.

Features:

- Simple 120v AC plug-in capability
- Automatically connects your wireless network
- Encrypted high-speed connection for protection and reliability
- Straightforward, removable strips for product mounting
- Network connection status indicator light
- No interference with existing Wifi network

Specifications:

- **Wireless:**
 - 2.4 GHz IEEE Std. 802.15.4
 - Complies with Class B Part 15 of the FCC rules
- **Electrical:**
 - Power – 5 VDC, 50 mA
 - AC Adapter included
- **Size:**
 - Dimensions (in.) 4 ½ in. high x 3 ½ in. wide x 1 1/8 in. deep
 - Dimensions (mm) – 92 mm high x 66 mm wide x 28 mm deep
 - Mounting - Vertical
- **Software**
 - Automatic updates and upgrades available via the Internet at no charge
